This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE.

In presenting to the public, this, the first issue of the "OHIO STATE REGISTER," the Publisher is induced to give the most prominent place to an expression of thanks to all who have shown a willingness to aid in sustaining such a publication. An examination of the Business Mirror attached to the work, which represents a large proportion of these, will show that while it contains comparatively but a small portion of the names in the aggregate of those who would naturally be expected to feel particularly interested in its success, that yet, as it consists of the most reliable citizens, as far as it could, in a first issue, be brought to their notice, it certainly forms a nucleus, sufficient to insure a very great increase in the number of business men, who will hereafter be found willing and anxious to appear as the supporters of future issues of such a work. In addition to the names found in the Mirror, there are other subscribers not actively engaged in business, so as to be properly arranged in that department, as well as a large number who we count as such, from their having rendered a full equivalent for the subscription, by furnishing important information for insertion, or by aiding in giving publicity to the enterprise, all of which are included among those who have rendered substantial aid to the publisher—and they are represented in their proper places in the REGISTER, with which representation, we believe they will be satisfied, although we could not in that part of the work properly introduce anything which would particularly distinguish them from others, as we have in the "Mirror" where none are represented except those who have placed themselves in a position to be reflected, or in other words none who have not shown a disposition in some way to help establish the work.

The reasons which led to the commencement of this publication as well as the object of the work, we think we cannot give in any better form than by inserting the Circular or Prospectus which we first prepared principally for that purpose.

"As publisher of the Cincinnati Directory, the subscriber has been very often inquired of in regard to the names and address of Civil and Judicial Officers, Public Institutions, Professional and Business Men, &c., &c., in other parts of the State. These inquiries, in connection with his own experience—having himself often needed information of the same kind—has convinced him that a very large portion of the citizens, including almost the entire Professional, Mercantile and Manufacturing part of the community, together with a very considerable number of those engaged in Mechanical and Agricultural pursuits, would be greatly benefited by the publication of a work suitable for general reference in regard to Public Officers and Institutions, whether State, County, City or Town, and which should at the same time present to Professional and Business Men in every City, Town and Village throughout the State, the opportunity of making themselves generally known, or in other words, a medium through which they may form an acquaintance with each other.

"For the accomplishment of this object, he proposes, under the above title, to commence the annual publication of a work presenting, *through the medium of a Map*, the State, with its Geographical Divisions into Counties and Towns, with the Railroads in operation, as well as those in process of construction, and other information usually given that way; a Register of the Civil Officers of the State, including the members of the Senate and House of Representatives; the principal officers of each County and City, separately arranged; a concise record of the principal Legislative Acts of the last session; the organization of the State Judiciary; a list of names of Justices of the Peace throughout the State; a Post office Directory, a full list of Post offices within the State; a Church Directory, or list of the Churches, with their locations, Pastors, &c.; Military Organizations, Incorporated Banks, Insurance Companies, Railroad officers, Gas Light Companies, Newspapers and Periodicals, Custom Houses and Officers, Consuls and Consular Agents, Colleges

Seminaries, &c.; Directories for the I. O. Odd Fellows, as well as the Masonic, and all other Benevolent and Beneficial Societies and Institutions; and a large amount of other statistical Information of Public Importance; to which will be added a Business Mirror, in which every Trade, Occupation and Profession will be separately arranged, and as fully represented as any individual engaged in them can consistently desire, as it will include all who aid, in any way, to sustain the work—*others cannot reasonably expect to reap the full advantages which may be derived from such a publication.*

"A work of this kind, if properly sustained and faithfully executed, aside from its great practical utility as a Book of Reference in respect to facts as they exist at the time of the publication of each issue, must increase in value from year to year, as from being published annually, it will evidently become a record of the most important events in the order in which they occur, and will consequently form, POLITICALLY, JUDICIALLY, SOCIALLY and COMMERCIALLY, the most perfect HISTORY of the STATE, which could possibly be furnished.

The Subscriber is the proprietor of the CINCINNATI DIRECTORY, which work, as an Annual, was first established by him. It has been successfully continued for seven years, constantly increasing its circulation and utility—it is firmly established, well known and extensively used, not only at home, but in the principal cities and towns throughout the State, as well as in all the principal cities in the Union. In addition to this, he has, during the last year, published Directories of the Cities of DAYTON, COLUMBUS, STEUBENVILLE, and ZANESVILLE, in this State, of WHEELING, in Virginia, and of COVINGTON and NEWPORT, (opposite Cincinnati,) in Kentucky. He keeps constantly employed a number of men thoroughly acquainted with the business of collecting materials for such works, and will spare no pains in collecting and compiling the materials in such a manner as to meet the wants of community.

"The attention of citizens throughout the State, particularly of Professional and Business men, is respectfully invited to this Circular, and with their co-operation the Publisher hopes to make it meet their wishes, and to receive, in return, a fair compensation for the very great outlay, in labor and money, which such a work must necessarily require.

"The first number of the series, (for 1857,) will be issued as soon as the necessary information can be collected, probably about the 1st of July. The style of the work will be similar to the Cincinnati Directory—it will be handsomely printed, well bound in cloth, and furnished to subscribers at TWO DOLLARS AND FIFTY CENTS."

At the commencement of our labor we were perfectly aware that the publication was calculated to embrace a range so wide, that it could not be fully attained in a first issue, yet we did not think that a proper objection to its commencement. How far we have succeeded the work will show. It embraces a very large amount of information in regard to the different objects in view, arranged so as to be easily referred to, and tho' it is not in many respects, what we should have been glad to have been able to make it, or yet expect to reach in future issues, yet we believe that as it is, it will be appreciated by those who have rendered their aid towards establishing it, and will, as a first effort, give general satisfaction except to such as are neither aware of the importance of, or difficulties attendant upon all publications of a statistical nature, particularly of those intended as works of reference in regard to matters which are constantly changing.

The circulation which has been already secured, scattered as it is throughout the State, is such as to make the work an important medium, through which business men may hereafter make themselves known, or become acquainted with each other, and the subscribers and advertisers will readily see the advantages which they have secured to themselves, over others who have not availed the opportunity in this issue.

POST OFFICE DIRECTORY.

The following list of Post Offices in the State of Ohio, has been carefully and thoroughly revised. Citizens generally, and others, who consult the Register, will find it a useful appendage, and as Postmasters are generally business men, and such as, when properly applied to, are capable of, and will freely furnish much useful commercial or other information relative to their respective districts, it will contribute materially to the facilities of Merchants and Manufacturers in distributing their circulars, catalogues of Merchandise, &c.

Postmasters names are purposely omitted, as the changes are so frequent and numerous that it would be almost impossible to give anything like a correct list. The names of Post Offices are arranged alphabetically, with the name of the County in which they are located attached to each, which is amply sufficient as a direction.

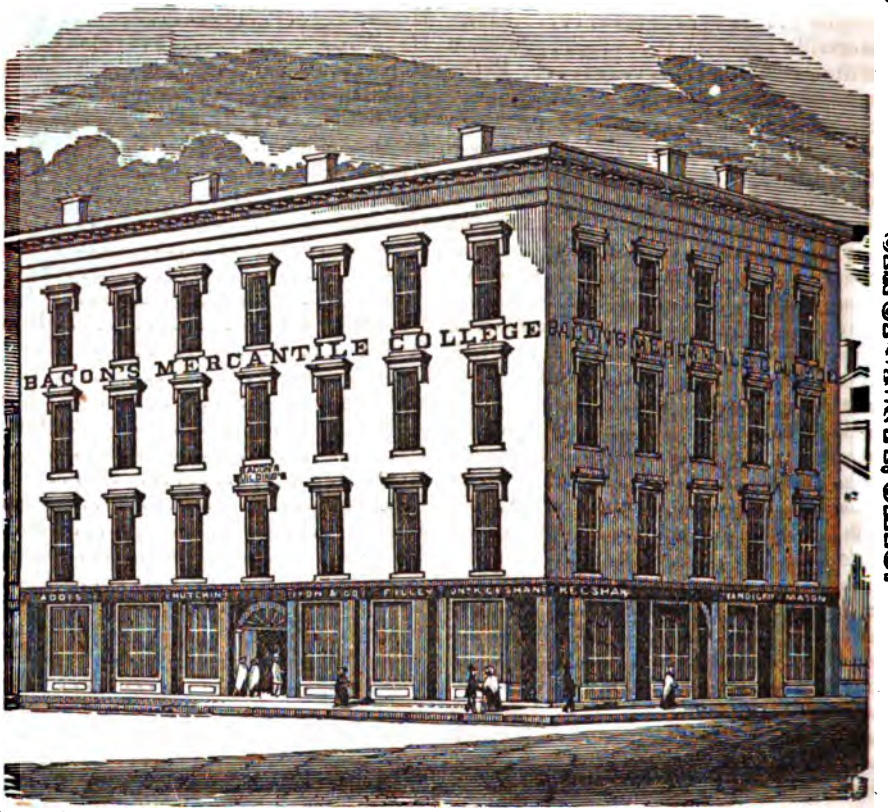
BACON'S MERCANTILE COLLEGE,

North-West Cor. Sixth and Walnut Streets,



CINCINNATI, OHIO.

To supply facilities for a thorough Mercantile Education is the high aim of this Institution: and in the excellence of its location, the extent and convenience of its arrangements, as well as in the thoroughness and comprehensiveness of its course of study, it stands second to none on the Continent. Its position in the city is pleasant and central; its Study-Rooms tasteful and airy, and its Lecture-Room spacious and elegant.

The Curiculum of Study

Embraces all branches requisite to render the student an accomplished accountant; and the course is made more thorough and comprehensive than in any similar Institution in the United States.

BOOK-KEEPING BY DOUBLE ENTRY

Is thoroughly taught, as applicable to the various departments of Trade and Commerce; including Wholesale and Retail, Commission, Banking, Railroad, Steamboat, Manufacturing, Individual Partnership, Joint Stock, and Compound Company Business.

PENMANSHIP.

A good Business Hand-Writing is guaranteed to every Student completing the course.

COMMERCIAL LAW.

A regular and systematic series of Lectures on Commercial Law will be given in the College Lecture-Room; also, Lectures on Mercantile Ethics, Political Economy in its application to Commerce and Currency, Commercial Geography, and on the Consular Systems of Europe and America. These Lectures will be conducted by our Mr. Allen, late President of Farmer's College, and whose experience as a Lawyer and as a Lecturer on Law, will give to this Department peculiar interest and efficiency.

The Whole Course, fitting the Student for the active duties of the Counting-Room, may be completed in from eight to twelve weeks.

Upon his graduation each student will receive a handsome Diploma, attesting his attainments in Mercantile Science.

TERMS.

For Full Course, time unlimited (in advance),.....$40 00
For Penmanship alone, per month,..... 5 00

For further particulars, address

BACON & ALLEN, Proprietors.

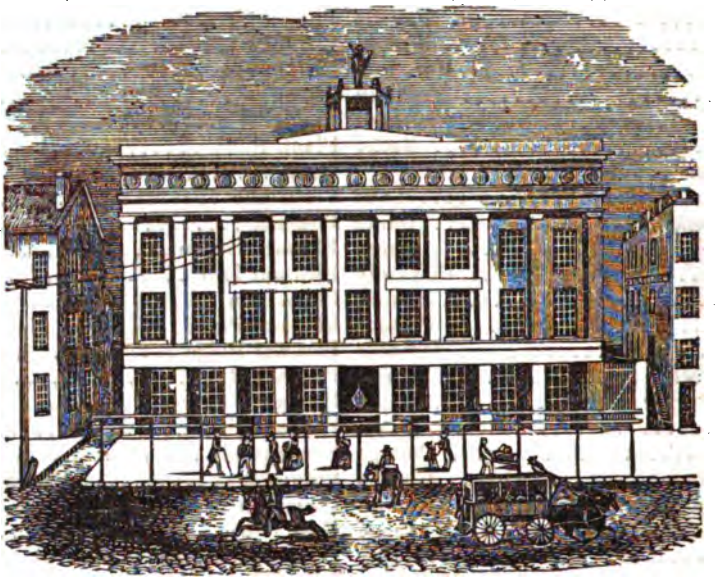
THE ECLECTIC COLLEGE OF



MEDICINE,

CINCINNATI, OHIO.

THE WINTER SESSION of 1857-8 will commence on Monday the 12th of October, and continue sixteen weeks. A full and thorough course of Lectures will be given, occupying six or seven hours daily, with good opportunities for attention to practical Anatomy, and with ample Clinical facilities at the Commercial Hospital. The preliminary course of Lectures will commence on Monday, the 28th September, and continue daily until the commencement of the regular Lectures. The arrangement of the chairs will be as follows:

T. E. St. JOHN, M. D.,
Professor of Anatomy and Physiology.

Professor of Chemistry and Pharmacy.

A. J. HOWE, M. D.,
Professor of Surgery.

C. H. CLEVELAND, M. D.,
Professor of Materia Medica and Therapeutics,

WM. SHERWOOD, M, D.,
Professor of Medical Practice and Pathology.

J. R. BUCHANAN, M. D.,
Emeritus Professor of Cerebral Physiology and Institutes of Medicine,

JOHN KING, M. D.,
Professor of Obstetrics and Diseases of Women and Children.

The terms for the Session will be the same as heretofore, viz: Matriculation $5,00. Tuition, $20,00, Demonstrator's Ticket, $5,00. (Every Student is required to engage in dissection one session before Graduation.) Graduation, $25,00. Ticket to Commercial Hospital (optional) $5,00.

The Lecture-Rooms are newly finished, neat and comfortable, and in a central locality, (in College Hall, Walnut street), where Students will find it convenient to call on their arrival.

Tickets for the Session may be obtained of the DEAN OF THE FACULTY, at his office, No. 113 Smith street, or of Prof. C. H. CLEVELAND, SECRETARY OF THE FACULTY, No. 139 Seventh street, near Elm.

JOHN KING, M. D., Dean.

The College Journal of Medical Science,

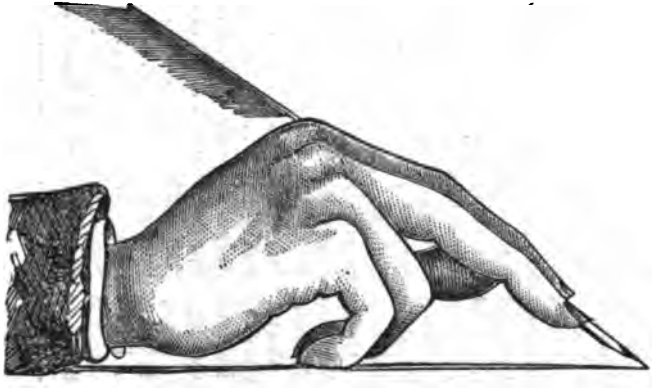
SMITH'S MERCANTILE COLLEGE,

E. W. SMITH, PRINCIPAL.



No. 74 West Fourth Street,

BET. WALNUT and VINE,

OVER THE STORE OF WM. LEE & CO.

CINCINNATI, OHIO.

Smith's Mercantile College.

The Object of this Institution

Is to afford young men an opportunity of qualifying themselves theoretically and practically for the duties of the Counting House.

The Course of Instruction embraces Double Entry Book-Keeping, and its various applications to trade, viz: Wholesale, Retail, Steamboating, Manufacturing, Shipping, Commission, Individual, Compound, Company, and Railroad Business. Also, LECTURES on Commercial Law, Commercial Calculations and Practical Penmanship.

Applicants can enter the Institution at any time, and attend from 8 A. M. to 9 P. M.

Students are instructed individually by Illustrations of Business Transactions, independent of a printed book.

The Science is thus so completely reduced to system, that Students on leaving the College, will be able to take charge of and conduct, upon scientific principles, any set of Doubly Entry Books.

Ladies instructed in separate apartments, prepared expressly for the purpose, in every branch of Mercantile Science, and thoroughly fitted to keep the books of any establishment, however extensive and complicated the business may be.

Also, Nightly Classes formed in the Preparatory Rooms, for Writing, Arithmetic, Grammar, Composition and Drawing.

Terms of Tuition.

For an unlimited Course of Commercial Education, comprising Double and Single Entry Book-Keeping, Commercial Calculations, Penmanship, (Spencerean System,) together with the privilege of attending Lectures on Commercial Law and General Business,..... $35 00

Partial Course,..... 25 00

Good Board and Lodging, in respectable private families, (per week)..... 3 00

Opinions of the Press respecting this Institution.

The Science of Book-Keeping taught at this Institution, and the course so complete, that Students, on leaving the College, will be able to take charge of and conduct any set of Books. —*Cincinnati Gazette.*

SMITH'S MERCANTILE COLLEGE.—This Institution affords superior advantages for the acquirement of a Mercantile Education, such as all young men would find it for their profit to possess. —*Enquirer.*

We would say to every gentleman and lady, If you want to acquire a thorough knowledge of Writing, Book Keeping, &c., in all its branches, be sure and place yourself under the instruction of E. W. Smith, and our word for it, you will thank us for this information.—*Commercial.*

Smith's Mercantile College is decidedly one of the best Institutions in the West, for gaining a thorough knowledge of Book-Keeping or Accounts.—*Sun.*

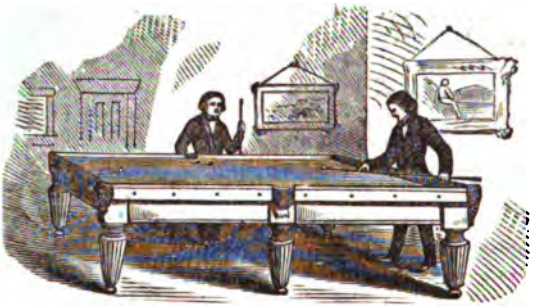
S. S. DREW. T. HATCH.

HATCH & DREW,



MODEL BILLIARD TABLES,

WITH THEIR NEW

Combination & Concentrated Cushions.

PATENT APPLIED FOR.

These Tables Combine all the modern improvements in style and design that have been made in the United States and Europe, and with our new Combination Cushion, which the Proprietors have taken great care to adjust and produce a correct mathematical accuracy of Angles, makes them the most perfect Model Billiard Tables now extant. We are getting up Tables for the largest First Class Club Rooms in the United States, located in some of our Southern and Western cities, and also furnishing most of the finest and best Hotels South and West. We would call especial attention of Club Parties, Hotel Proprietors, and Billiard Room Keepers to our new styles of Billiard Tables of Rosewood, Mahogany, or Oak, with either Marble, Slate, or Wood Beds, of the most beautiful finish and workmanship, with our Combination and Concentrated Cushions, so nicely beveled that Balls will not bound, and consequently have been pronounced by all Amateurs and Professional Billiard Players to be superior to any Cushions ever invented in the United States, France, or England. Parties wishing our Combination and Concentrated Cushions put on their old Tables, can have them fixed at short notice, by sending the Rails to our Factory by express. We require but one day to fix them and re-ship them the next. This being the largest and most extensive Steam Works for the Manufacturing of Billiard Tables in the United States, offers inducements over all others. We keep constantly on hand a large stock of Billiard Cloth, Balls, Cues, Cue Leathers, Pockets, Chalk, &c. Orders by letter or otherwise will be personally and promptly attended to.

OUTCALT'S

ELASTIC

METALLIC ROOF.

Patented July 11th, 1854.

MANUFACTURED BY

MATTHEWS, CALDWELL & CO.

57 Columbia Street, Cincinnati.

The undersigned, proprietors of "OUTCALT'S ELASTIC METALLIC ROOF," believing that this invaluable improvement in roofing needs only to be *presented* to be *approved*, and sustained in his belief by the voluntary testimonials of a number of our most respectable citizens; beg leave to announce, that they are prepared to construct roofs in this city, or in any part of the country, at the shortest notice, and in the most workmanlike manner.

The present price of the roof will be Ten Dollars per square *in the city;* and when constructed out of the city, all expenses of transportation, &c., are to be added, so as to *net* that amount.

The simplicity of its application has induced many to procure the *roofing sheets* of us, and thereby save the cost of application. Persons desiring to make this arrangement, can procure the sheets ready for application, boxed ready for shipment, with full instructions as to mode of application.

Metal Roofers desirous of applying this mode of roofing, can procure the prepared sheets of us, at a price which will leave them a handsome margin. Their orders are solicited.

Printed Circulars descriptive of the roof, with Certificates of parties who have used them, may be obtained on application.

GUNDRY'S

MERCANTILE COLLEGE

N. W. cor. Fifth and Walnut Sts.,

CINCINNATI, O.

Incorporated - - - - 1848.

JOHN GUNDRY, Principal.

The oldest Commercial Institution of the kind in the United States.

"This, although a pioneer, may be regarded as a Model Institution; and here it should be remarked, that Commercial Law was unknown in Schools af this description, previous to its introduction by Mr. Gundry. It is a new feature, and will contribute, in an essential degree, to elevate the system of Commercial Instruction.

Hunt's Merchants Magazine, N. Y.

"Gundry's College was the first in the United States, in which was introduced Lectures on Commercial Law and Political Economy, and which has tended, in a great degree, in giving these Institutions their present value and consideration." [*Cincinnati Gazette.*

☞ The object of this Institution is to impart a Practical and Comprehensive Business Education, and it is believed, affords facilities for obtaining the Practice of the Counting Room, and Commercial Science generally, not to be found in any similar establishment in the City.

COURSE OF INSTRUCTION.

BOOK-KEEPING BY DOUBLE ENTRY;

A complete mastery of the Science of Accounts is a great desideratum with those purposing to fit themselves for Mercantile Life. Such advantages are here afforded for acquiring the practical and scientific knowledge as cannot fail to ensure success, in assuming the varied responsibilities of

Accountantship in any and every Department of Business.

In place of the plan heretofore practiced of placing before the uninitiated, a mass of complicated entries, without connection, and based on business operations and instruments, of which he has no conception, and concerning which the rules given have often no application, the Student by a series of easy and inductive steps, (a process new and original with the Principal,) is gradually advanced, at a great saving of time and labor, to a full comprehension of the subject, on true philosophical principles, from the most simple to the most complicated transactions, according to those forms adopted in the best Business Houses, in the various departments of

TRADE, COMMERCE & MANUFACTURES,

WHOLESALE, RETAIL, COMMISSION, FORWARDING AND RECEIVING, JOBBING, SHIPPING, INSURANCE, BANKING, MANUFACTURING, STEAMBOAT, RAILROAD, INDIVIDUAL, PARTNERSHIP, JOINT-PARTNERSHIP, BUSINESS SPECULATIONS IN COMPANY, &C., &C.,

Including those improved and abbreviated forms for abridging labor, used in large Shipping, Forwarding, and Receiving, Commission Houses, &c. Thus in whatever department of Commerce the graduate of this Institution may embark, or whatever duties as an Accountant he may be called upon to perform, he will not find himself unfamiliar with new forms, or be at a loss in practically applying his knowledge to the best advantage to the exigencies of any particular case.

PENMANSHIP.

A good hand writing is justly deemed a Passport to Mercantile success.

The skillful Penman uniformly obtains the preference to all places of business trust. The opportunities afforded at this Institution, in this department, are a matter of no minor consideration, to those who contemplate a complete Course of Commercial Studies.

Instruction in this Art is given separately or in connection with the other Branches.

COMMERCIAL CALCULATIONS.

A thorough knowledge of Business Computations, including all the higher as well as the ordinary branches is imparted to the student, according to the most accurate and rapid methods.

INTEREST, DISCOUNT, EXCHANGE, EQUASION OF PAYMENTS. &C.

MERCANTILE CORRESPONDENCE.

Regular exercises are given in the art of writing Business Forms and Business Letters, as connected with the different Branches of Trade, including

Bills of Exchange, Notes, Bills, Invoices, Accounts Current, Sales, &c.

COMMERCIAL LECTURES.

Daily Lectures are given on Commercial Law, by the Principal and others of acknowledged ability, together with the general laws of Trade, including the laws of Exchange, the laws and history of Money, Banking, Commerce, &c. These Lectures, a feature first introduced by the Principal of this Institution, are deemed of the first importance to the Mercantile Student.

TERMS OF INSTRUCTION.

Terms for Full Course, including Penmanship;.....$40 00
Terms for Partial Course, including Penmanship;..... 25 00
For a Course of Thirty Lessons in Penmanship.....6 00

In which time the student may attain a good business hand. As students are instructed separately, applicants may enter at any time, and the term of attendance is unlimited.

☞ Each student on graduating receives a Diploma.

Board may be obtained at from $2 50 to $3 00 per week. Strangers on entering the Institution will be assisted to suitable Boarding Houses.

The Principal, from his extensive business acquaintance, is enabled to procure graduates desirable situations. A large number of young men in business in this city, have, through him, obtained places, with salaries varying from $500 to $1,500 per year.

IRON CITY COMMERCIAL COLLEGE.

This institution stands in the front rank of that class of schools which confers *practical* benefits upon all who come within the scope of its instructions. It takes a young man just at that interesting period of life when he is looking about him to see what he shall do; and it instructs him in those branches of practical knowledge—the lessons of an honest, money-making life, that will qualify him in the future to operate to the best possible advantage to himself and the business world. Through the judicious and skillful management of its Principal, F. W. Jenkins, Esq., the IRON CITY COMMERCIAL COLLEGE OF PITTSBURG, has steadily rose until it has no superior in the country. Our merchants speak of it with pride, and its usefulness is every day felt in the numerous counting rooms, where its efficient graduates are employed.

Let our country merchants and our farmers, and all persons who have sons, hasten them to this College, where they can secure a finished business education For terms and particular information, address F. W. JENKINS, Esq., Principal of the Iron City College, Pittsburgh, Penn.

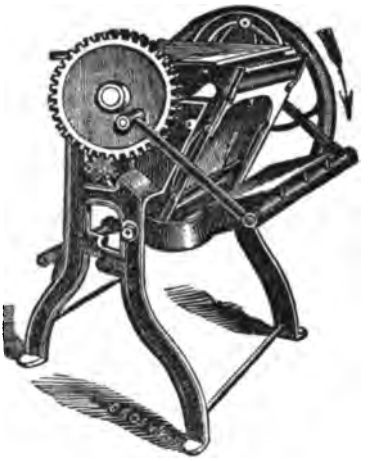
GEO. H. LAWYER'S

IMPROVED JOB PRESS.



These Presses are now running in all the principal cities of the States of New York, Pennsylvania, Ohio, Kentucky, Indiana, Illinois, and Missouri; and in every instance, they have given universal satisfaction, and are pronounced by all Practical Printers, to be the cheapest and best Job Press now in operation.

ADDITIONAL IMPROVEMENTS.

The undersigned would inform Printers throughout the country, that he has made many **Valuable Improvements upon his Job Press** during the past year. Having done away with the DISTRIBUTOR, it is now universally conceded by every person who has tried it, to be

The Most Useful and Cheapest Job Press in operation in the United States.
